ŠTA JE NEW CONTENT NOTIFICATIONS?

A woman in a business suit is looking through a telescope. The background is a cityscape with a red overlay. The text is white and centered on the red overlay.

New Content Notifications je aplikacija koja obaveštava zaposlene o raznovrsnim novim sadržajima koji su kreirani na korporativnom portalu.

Rešenje će uštedeti vreme i energiju koju bi zaposleni utrošili na manuelnu pretragu svih promena koje su nastale na portalu.

Jednostavna je za upotrebu, navigaciju i dozvoljava vam da kreirate posebno definisana obaveštenja za svakog zaposlenog ponaosob.

New Content Notifications Definicije – Nova stavka na listi

The screenshot shows the SharePoint 'Sites' interface. The top navigation bar includes 'SharePoint' and 'Sites'. Below it are tabs for 'BROWSE', 'ITEMS', and 'LIST'. The ribbon contains various actions like 'New Item', 'New Folder', 'View Item', 'Edit Item', 'Delete Item', 'Attach File', 'Alert Me', 'Tags & Notes', and 'Workflows Approve/Reject'. A dropdown menu is open under 'New Item', showing four options for creating new definitions:

- New Published Pages In Pages Library Definition**: Create a definition which will track a certain Pages library for new published pages
- New Items In List Definition**: Create a definition which will track the creation of new items in a list
- Custom Notifications Definition**: Create a definition for which the new content notification items will be entered manually
- New Employee Notification Definition**: Create a definition for notifications for new employees which will be entered manually in 'New Content Notifications' List

Below the ribbon, the 'Content Notification Definitions' list is visible. It has a search bar and a table with the following data:
